Subject: Upcoming Price Adjustment Effective March 31st

Dear Valued Partner,

We truly appreciate your continued support and trust in Nu-Ray Metals as your metal roofing manufacturer. Our commitment to providing high-quality products and reliable service remains our top priority.

Due to recent tariffs and pending supply challenges, we must implement a necessary price adjustment. Effective **Monday, March 31st**, pricing will be updated as follows:

- **5% increase on Metal Roofing and Siding packages and trims**
- **10% increase on NRM Building Products**

We understand the impact pricing changes can have on your business, and we want to ensure you have the opportunity to purchase at current pricing. Orders placed on or before March 24th will be honored at the current pricing and shipped at our standard lead times.

We greatly appreciate your understanding and support as we navigate these industry-wide challenges. If you have any questions or concerns please do not hesitate to reach out to your territory managers for clarification.

Sincerely,

Jared Harman  
General Manager
