Dear CertainTeed Commercial Roofing Customers:

## **US Commercial Roofing Products Price Increase & Supply Changes** **Effective July 5, 2021**

CertainTeed continues to be impacted by volatile raw material prices. Particularly, the steel and chemical industries face many demand challenges which are impacting our accessories. Effective July 5, 2021, CertainTeed will be implementing a price increase as follows:

Product Family	Increase
FlintBoard® insulation	Up to 10%
FlintFast® fasteners & plates	Up to 20%
Insulation adhesives	Up to 30%
SmartFlash® ONE liquid flashing	Up to 15%
FlintEdge® edge metal systems	Call for quote

Orders shipped on or after July 5, 2021 will be invoiced at the new price, regardless of the order entry date. You will be provided with updated price sheets at least two weeks prior to the effective date.

In addition, to manage the influx of project migration due to the overall channel demand, CertainTeed will be streamlining its product line offering to better service the overall market. To accomplish this, CertainTeed will be:

- Only offering the following FR Cap Sheet products as these cap sheets are supported through a variety of tested assemblies for wind uplift and fire resistance:
  - Flintlastic® FR-P – ASTM D6164, Type I – hot or cold applied
  - Flintlastic® GTS-FR – ASTM D6164, Type II – torch applied
  - Flintlastic® GTA FR – ASTM D6222, Type I – torch applied
  - Flintlastic® SA Cap FR – ASTM D6164, Type I – self-adhered

CERTAINTEED LLC

- In response to shingle color availability, the following colors of granulated sheets will be prioritized, with colors not listed subject to extended lead times:
  - White
  - Weathered Wood
  - Moiré Black
  - Colonial Slate
  - Resawn Shake
- Once the supply chain is restored to a more sustainable environment, the production of the full portfolio of products will resume.

We appreciate your continued support of CertainTeed Roofing Products.

Sincerely,
