

May 1, 2024

To Our Valued ACM Customers,

Due to the recent increase in aluminum and copper commodity costs, along with continued packaging, freight, and labor inflation, ACM is announcing a 7% - 10% increase on aluminum and copper items effective on all orders placed beginning June 1, 2024.

ACM reserves the right to limit bulk purchases ahead of the increase.

ACM will continue to price gutter and trim coil monthly.

Updated price lists will be available May 28, 2024.

Thank you for your business and continued support of ACM,

A handwritten signature in black ink that reads 'Jim Basham'.
